

JACK SHAW

Jack Shaw is a global thought leader and emerging technology strategist with over 30 years of experience in gauging the significance of emerging technologies for business. He was voted one of the top five Technology Futurists in the world in a poll conducted by Speaking.com.

Jack keeps a pulse on shifts in technology, providing him the foresight to help industry leaders understand how emerging technologies impact their digital ecosystem - and how these technologies are practically applied both today and tomorrow. From small and mid-sized businesses to such Fortune 500 organizations as Mercedes Benz USA, GE, Coca-Cola, IBM, Oracle, and SAP, he has advised executives informing them regarding critical business needs.

Jack is well-versed to speak on other progressive topics including Digital Transformation; eCommerce, Mobile Commerce, and Omni Commerce; eProcurement and Supply Chain Management; and the Future of Manufacturing and Distribution.

A prominent global voice and author of three books on emerging technologies, Jack has delivered over 1,000 keynote presentations and executive forums in 26 countries and every state across the U.S. He is a Yale University graduate and holds a Kellogg MBA degree specializing in Finance and Marketing.

He is highly-regarded for his expertise in the strategic business impact of such emerging technologies as:

Blockchain
Artificial Intelligence
Data Analytics
Internet of Things
3D Printing
