

JACK SHAW

THE BLOCKCHAIN TRANSFORMATION

How Blockchain-powered digital transformation will evolve your business, your industry, and the world

Blockchain technology impacts businesses across every industry. Decision-makers now recognize that blockchain extends far beyond cryptocurrencies, but are still challenged to understand how it works and its impact on their business today and tomorrow. Mr. Shaw will explain the four capabilities of Blockchains that make them uniquely able to transform business and social ecosystems. He'll also show how to design a future-proof plan incorporating Blockchain into your business's continued success. Ideal audiences for this program include Company Executives, Business Decision Makers, Strategic Planners, Senior IT Management, Accountants, Auditors, and Attorneys in every industry.

Jack can also custom craft this presentation for technology solution providers and professional services organizations such as CPA and law firms. And, his programs can be delivered in-house to employees or to clients and prospects at customer conferences and marketing events.

Jack has spoken on Blockchain over 60 times in over a dozen countries around the world. As co-founder and executive director of the American Blockchain Council, Jack helps industry leaders to understand the latest applications of Blockchain and its impact on global businesses. Prepare to learn and be fueled from his insights on 'what's possible' for the future with Blockchain-powered Digital Transformation.
